

CORRIGENDUM

Environment Impact Assessment (EIA) Studies of Sapta Kosi High Dam Multipurpose Project and Sun Kosi Storage-cum-Diversion Scheme in Nepalese Territory

With reference to notice inviting Expression of Interest regarding above mentioned work published on 21.4.2016 in Kathmandu Post and Nagrik, the following amendments are hereby agreed by the Competent Authorities after pre bid meeting with the prospective bidders/consultants.

I. Para C.1.3.1, Page 7- Eligible Applicants shall read as under:

The Consulting Firm or Joint Venture should have experience of minimum five years in at least one of the relevant fields such as Environment Studies, Investigation of Multipurpose water resources Projects/Hydro Power Projects/ Irrigation Projects/ Major Infrastructure Projects and should have successfully completed **at least two projects having consulting fee of more than NRs. 5 crore in any one of these fields during the last five years.**

II. Para C.1.3.2, Page 7- Eligible Applicants shall read as under:

The Consulting Firm or Joint Venture must have successfully completed **at least one EIA study** of a Multipurpose Water Resources Project/Hydropower Project/Irrigation Project as per Environment Protection Act and Environment Protection Regulation of Government of Nepal having **installed capacity of 50MW or a command area of 5000 ha during the last ten years.** The firms must submit the attested copy of completion certificates from the client showing successful completion of the EIA study as per Environment Protection Act and Environment Protection Regulation of Government of Nepal.

This corrigendum shall form a part of EOI and shall supersede the relevant provisions in EOI Document issued by JPO-SKSKI. Consultants are advised to submit a copy of this corrigendum duly signed and stamped along with EOI Document.
